Oct. 26th, 2010

Attn: Senator Eddie Calvo
Senator Ray Tenorio
Mr. Mike Benito
Mr. Frank Arriola

Dear Honorable Senator Calvo and Senator Tenorio, and Mr. Benito

Hafa Adai!

Thank you for your letter on Oct. 25, 2010.

We would like to inform you that our association of doctors, nurses, allied health providers, and health administrators worked hard to improve the health care of our island. Together, we have accomplished full accreditation for GMHA, the Nursing School and the Continuing Medical Education this year. We are committed to continuous improvements for the people of Guam and we want to ensure that all candidates make our informative debate tomorrow night.

In your letter, you stated, "We were very clear that we would not attend unless other media outlets like KUAM or PNC were able to film and re-broadcast at a later time." We want you to know that we have worked hard once again to meet your request.

Our GMA met with CW4, and PNC this afternoon, and we agreed to have Pacific News Center at the debate and they will be able to film and re-broadcast at a later time. Additionally, all other news media are all welcome to come and film for their news. We hope to see you both tomorrow at the GMA Debate as previously committed. The doors will open at 6 PM.

Lastly, we like to thank CW4 for their openness and courtesy. We also like to thank the PNC for agreeing to be at the debate.

Sincerely,

Patrick Santos, MD
President

Thomas Shieh, MD
President Elect
