The Honorable
Edward J. B. Calvo
Governor of Guam
POB 2950
Hagatna, Guam 96932

Dear Governor Calvo;

Buenas yan Hafa Adai! We are writing to express our utmost concern regarding the pending and potential transfer of Fire Station 2's Fire Truck. We are very much aware of the current financial situation of this Government as well as the call for re-organization but at what costs? It is imperative that the truck remain at its current location to service the central region. We cannot fathom nor imagine that over **21,330** residents will either have delayed service or compromised service. We understand that a rescue unit will take its place however in speaking with our residents- they don't feel it is adequate enough.

The lives and property of the residents of Hagatna, Agana Heights, Sinajana, Mongmong Toto Maite, Ordot and Chalan Pago are all at risk not to mention public and private schools, businesses, numerous government buildings, parks and historical sites. We implore your intervention and urge the Guam Fire Department Management to reconsider. We look forward to hearing from you. *Si Yu'os Ma'ase!*

Senseramente,

Paul M. McDonald
Mayor, Agana Heights

Andrew C. Villagomez
Mayor, Mongmong Toto Maite

Roke B. Blas
Mayor, Sinajana

John A. Cruz
Mayor, Hagatna

Jessy C. Gogue
