

June 28, 2012

I'm writing the letter in response to the controversy regarding the medical provider for Team Guam to the Olympics.

I commend Dr. Sheih, Mrs. Duenas and Mr. Fernandez in assisting Team Guam in the past. In the past year, I took on the challenge of being the team doctor for Team Guam at the 2011 Pacific Games in New Caledonia, and the Guam National Soccer Team in Beijing.

I specialize in Sports Medicine and fully intend to provide care for the athletes of Team Guam at any event including the Olympic. I have expressed my interest in the past year to be the team physician, and would like to pursue if it is agreeable with GNOC.

This is my island, my home and our athletes.

Regards,

Luis G. Cruz, MD  
Board Certified Family Medicine
